

INT. LANDESLAGER DER SALZBURGER
PFADFINDER UND PFADFINDERINNEN
3. - 13. AUGUST 2014 – BAD HOFGASTEIN

Data sheet for waste disposal

The disposal of the waste is subject to the conditions of the disposal of the village of Bad Hofgastein and the disposal company, the company Hettegger.

How waste has to be separated on your campsite?

Residual waste	Transparent bag – from the subcamp-team
Packaging (Synthetics, plastics, metal)	Yellow bag (ARA) – from the subcamp-team
Glass (separated white and coloured)	Own bucket, box or bag
Deep-frying oil (after cooking)	Own small bin
Organic waste	Own bucket
Paper, carton	Own carton (Paper should be burnt)
Mud, bricks from the fireplace	Wheel barrow – from the subcamp-team

Waste management

The residual waste (transparent bag), the packaging (yellow bag), and the glass (separated in white / colored glass) and paper / cardboard are collected by the groups and given two times per day at the subcamp collection points under the supervision of the subcamp-team.

Deep-frying oil and organic waste can be disposed 2 times per day at the subcamp-collection-points under the supervision of the subcamp-team into barrels with lids.

The bricks and mud from the fireplaces shall be disposed in a separate container at the main garbage dump at Schmaranzbauer.
